ABOUT ME

Having graduated from the Merchant Marine Academy of Aspropyrgos, Greece as a Deck department officer, I developed a deep passion for the maritime industry and honed my skills in navigation and vessel operations.

I joined the INSB Classification society at their Piraeus Head Office in 2016 and have since had the pleasure of working with a talented and dedicated team.

As a member of the Yachting department at INSB Class, I am responsible for providing guidance to Marine Surveyors in order to perform the applicable surveys and audits to ensure compliance with international regulations and classification standards. Working with a diverse range of clients, including yacht owners, management companies, and flag administrations, has taught me the value of adaptability, problem-solving, and communication and has equipped me with the skills necessary to thrive in fast-paced, high-pressure environments. I am passionate about continuing my career in the industry and am committed to providing the highest level of service to my clients and colleagues.

With my passion for the maritime industry and my experience in the yachting sector, I am fully committed to contributing to the growth and development of the Greek maritime industry. I am eager to play an active role in elevating the reputation of the Hellenic Registry, and strive to establish it as a world-renowned, trustworthy and competitive option for ship-owners and operators.

As a member of the Ethniki Dimourgia political party, I am committed to promoting the values of individual liberty and economic prosperity. I believe in a free market policy that is supported by a highly efficient public sector with a low budget (below 100 billion Euros which is the current annual budget of our state), as well as a flat tax rate of 15%. I strongly support the protection of the environment and believe that a sustainable economic growth strategy can be achieved through responsible and mindful policies. I am dedicated to upholding the fundamental rights of freedom of thought and expression, which are at the core of our democracy.

As a staunch defender of our democratic principles, I urge all individuals and groups to respect the fundamental rights that are the foundation of our society, and to work together to promote the common good for all citizens.
